

NVMS - BSMS International Congress on Mass Spectrometry
Rolduc, March 28- 30, 2012

March 28 Wednesday:

Evening program 21:00-22:00

Welcome party

March 29 Thursday: Aula Major

10:00-10:10 Opening

10:10-10:50 plenary lecture: Uwe Karst

**Generation and Identification of Reactive Metabolites Using
Electrochemistry/Liquid Chromatography/Mass Spectrometry**

10:50-11:30 plenary lecture: Michael T. Bowers

Peptide Assembly: What we know and why it is important

11:30-12:30 Poster presentations (PhD students, **odd poster numbers**)

12:30-14:30 lunch and poster session

Afternoon, 3 parallel sessions: **lecture hall 1, 2 and 3**

Hall 1 Bioinformatics and Identification

Hall 2 Quantitation

Hall 3 Current applications

14:30-14:55 lecture 1

14:55-15:20 lecture 2

15:20-15:45 lecture 3

Break

16:15-16:40 lecture 4

16:40-17:05 lecture 5

17:05-17:30 lecture 6

17:35-17:50 annual assembly NVMS and BSMS

Aula Major

18:00-19:00 Jef van den Steen:

Trappist. De zeven heerlijke bieren

19:15 Dinner in the Grote Eetzaal

March 30 Friday: Aula Major

9:00- 9:40 plenary lecture: William Old
Fragmentation Models for Proteome Wide Library Searching

9:45-10:45 Poster presentations (PhD students, **even poster numbers**)

10:45-11:15 Break

Morning and afternoon, 3 parallel sessions: **lecture hall 1, 2 and 3**

Hall 1 Identification

Hall 2 Non-mainstream

Hall 3 Current applications

11:15-11:40 lecture 1

11:40-12:05 lecture 2

12:05-12:30 lecture 3

12:30-14:00 lunch and poster session

14:00-14:25 lecture 4

14:25-14:50 lecture 5

14:50-15:15 lecture 6

Aula Major

15:20-16:00 plenary lecture: Ian D. Wilson
Biomarkers From Metabonomics: From Discovery to Validation

16:00 Good-bye

17:00 Busses depart to Heerlen train station
